NHD at NMAAHC 2018 E-Review Clinic (Project Reviews)

Come join the National Museum of African American History and Culture (NMAAHC) in supporting you to create a successful National History Day project!

Need help with your project before competition:

- Narrowing or focusing your topic?
- Making your thesis stronger?
- Advice for last-minute research?
- Evaluating your analysis?
- Questions about the feedback from the judges?

Look no further! The NMAAHC is offering an E-Review Clinic (project reviews) for student participants of National History Day.

Projects can be submitted by NHD participants from **Wednesday, March 7, 2018 to Wednesday, March 21, 2018 at 8:00 pm (EST)**. A reviewer will offer feedback and suggestions on your individual or group project. Reviews will address the strengths and weaknesses of your project, questions you may have, or help you improve your project from the comments of judges at your local, school, county/district/regional or state competition.

We look forward to helping you have a successful, engaging, and fun year with National History Day 2018! Registration will open on our website beginning on Wednesday, March 7.
