

National History Day at NMAAHC

National History Day (NHD) is a global program that engages over half a million middle and high school students to conduct historical research on a topic of their choice. Students enter these projects at the local and affiliate levels, with top students advancing to the National Contest at the University of Maryland at College Park.

NHD at NMAAHC is poised to help students become better scholars by providing access to museum resources, staff expertise, and mentorship, and to bring awareness of this great and exciting program to groups who might be underrepresented in the historical fields. Check out our online resources, workshops and programming for the 2018 - 2019 contest year: *Triumph and Tragedy in History!*
