

PICTURES WITH PURPOSE:

A Symposium on Early African American Photography

Social Media Toolkit

About

Generously supported by the Phillip and Edith Leonian Foundation, the CAAMA-NMAAHC symposium "Pictures with Purpose," will feature photography and visual culture scholars who will discuss the meaning and significance of early works by and about African American image makers. The program shares its name and coincides with the publication of the seventh volume in the Double Exposure photography book series on early photography.

Please use this toolkit to share information about Pictures with Purpose with your colleagues, friends, and networks using @NMAAHC and #CAAMALens.
